

## **Mrs. Judy Yeung**

From humble beginnings, Judy Yeung has devoted her life to helping other people and influencing those around her to do the same.

Her compassion has motivated her to help spearhead very large fundraising efforts to provide relief to victims of the 2003 SARS outbreak; the 2005 Southeast Asian tsunami; the 2008 Szechuan earthquake; the flooding of southeast China; the 2010 earthquake in Haiti and flooding in Pakistan; and the Japanese earthquake and tsunami of this year. In addition to that, the telephone marathons that she organizes with the support of her employer, Bell Canada, have been helping Yee Hong raise annual funds for the past nine years.

We often go through life believing that we alone cannot truly make a difference. But as Judy has demonstrated in her efforts to mobilize those around her, it is up to the person to decide to take the steps, and become the force of change in the community.

對她十分讚賞，曾在公司高層會議上，以她的故事與大家一起分享。不愧是「龍的傳人」。
